I am a PhD candidate in Economics at the University of Mississippi. My research interests lie in macroeconomics and span time series analysis, labor, monetary, and environmental economics. I am particularly interested in labor market reform in a dynamic and stochastic general equilibrium (DSGE) framework. I strive to answer questions in my research that are both academically interesting and policy relevant.

Education

- 2017–2023 **University of Mississippi**, Ph.D., Economics, Expected 2023
- 2017–2019 **University of Mississippi**, M.A., Economics
